

DO YOU KNOW THE COST OF EQUIPMENT DOWNTIME?

Often times, we can provide an ROI in as little as one missed downtime.

Also offered in configurations completely customized to meet your specific footprint.

TNK | Complete Tank Packages

- Complete hydraulic reservoir solution with accessories like gauges, in-tank filters, and air breathers already installed
- Tanks are certified clean, eliminating time-consuming flushing processes
- Available in three (3) performance optimized sizes (12, 18, & 25 gal.)

TCM + CSI-C-11 | Fluid Monitoring w/ App on Google Play

- Easy contamination level measurement of mineral oils and phosphate esters in bulk storage, transfer and dispensing applications
 - Fluid condition measurements are recorded, stored and easily recovered via WiFi or Bluetooth® wireless technology with our FluMoS mobile App
- Google Play is a trademark of Google LLC.*

HDP 600 BC1 | On-Board Diesel Fuel Coalescing Filter w/ Integral Electric Pump

- Modern, on-board cartridge filter system designed to protect diesel powered equipment operators from failures, breakdowns and frequent or unplanned service interventions
- Small envelope size offers a great flexibility in mounting on your diesel powered equipment
- Exceeds industry standards for particulate/water removal in ULSD15 and biodiesel fuels
- Innovative electrical primer pump and automatic water drain options available to promote seamless integration on your equipment and continuous operation
